

# *The Perfect Marriage Proposal*

## CHECKLIST

### 4 MONTHS BEFORE

Give yourself plenty of time. Firstly, start looking for a ring. A dream proposal without a fairytale engagement ring wouldn't work! If you're not sure about the shape or style, check her jewelry box or ask her best friend.

### 3 MONTHS BEFORE

As per tradition, plan on asking a parent's permission for your spouse-to-be's hand. Tell them about your plan of proposing in Italy and kindly ask them to keep it a secret!

Think of what kind of proposal you want to do. Private or public? Do some research, pick a city and find a perfect proposal spot. Listen to what she says when you are together and think about places she loves.

## 2 MONTHS BEFORE

Once you know where you want to propose, get creative and think of something very touchy to enrich your proposal. Perhaps a romantic serenade during your intimate dinner overlooking Rome or flash mob proposal when facing over one of the most famous balcony in the world - Juliet's balcony in Verona.

If you think it is too complicated to do it by yourself  
(or you do not consider yourself creative enough)  
then feel **FREE** to **CONTACT ME**.  
I am here to help you with the organization.

## 1 MONTH BEFORE

You'd love to share those moments with friends and family on your way back. So please, consider hiring a photographer to capture every single emotion when she says "Yes!"

Reconfirm the reservations you have made.

Write a poem or speech and practice the words you want to express in the car, in the shower, anywhere you feel relaxed.

## ON THE DAY

Stay calm and try to behave normally.  
Be in the moment and enjoy it!

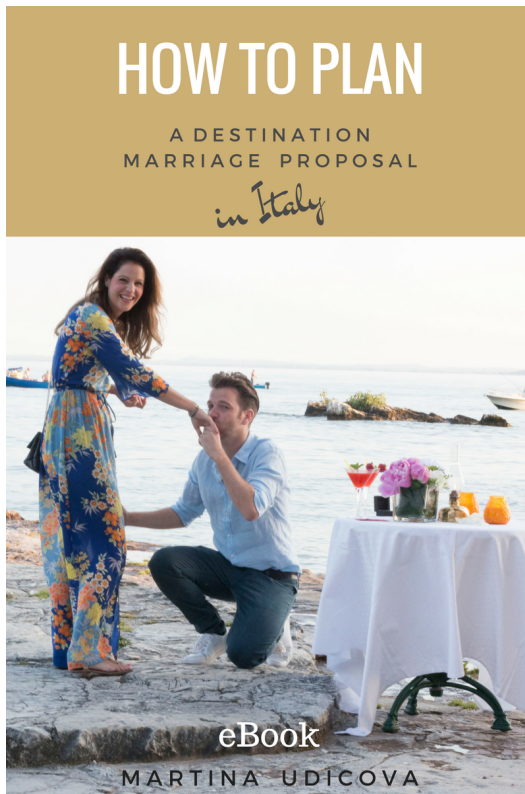

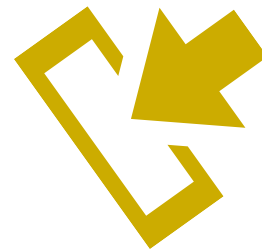

Book me and I will do all the work for you!  
No stress, just enjoy the moment when
